

THRIVING PEOPLE

SPONSORSHIP FORM

There is nothing more important to HB than the people who work here. We hire people who care about community and who care about more than themselves. Our goal is to create connections that go beyond what happens in the office and field. To support you and the things you care about, we are setting aside \$200 annually to go to the cause of your choice.

The funds can be used to sponsor a child's sports team, a school event, or programs that support the arts, technology, literacy, etc. If you find it worthy, we find it worthy. Employees can also choose to pool their funds with other employees to make an even bigger impact.
